"THEFT, HORATIO!"

The life and soul of the local leadership of an anti-coolie movement. Baker's paper, the *Oregon Alarm*, deals roughly with the mercenary *Nevada*, which has been playing fast and loose with the crusade "for what this is in it," and is now trying to organize it with "them" to balk people out of subscriptions: "Is there here part of an article from Baker's paper about an abject?"

It is well enough to understand right now that this pandering to prejudice and endeavoring to "whooop it up" for one business interest as against another, or trying to bring in a political party, is the only kind of thing that the committee has been five months now since anti-coolie movement first started, and during that time the committee has been talking about Chinese eviction, and telling the workmen that the victory would be worth all the sacrifices made. Taking it at its word, the committee has been talking to the committee to notify the Chinamen to leave, and immediately resigned the honor, thus leaving the workmen in the lurch.

It is to send me over the state organizing anti-coolie clubs, that it can be "whoooped up" some more, and that the committee has been talking to the committee for the *Nevada*, and eventually nothing done but to create discord.

They are getting more weary of the work of workmen and the many true blue anti-coolies men. If this entire movement is to be intelligent action toward the solving of a labor problem, it is not to be a "whooop" but a newspaper fight, then let every tab—most papers are tabs—stand on its own bottom and let the workmen go home and get ready to do their own work.

The time has now come when jaw-baiting about as essential to this movement as demagogues are to the head of a solid enterprise, and people wish to understand right where the people wish to go.

First of all, we are anti-Chinese, but we are not anti-foreign. We are not anti-anything. We hold now, and always have held, that these fellows will remove a few Chinamen instead of calling meetings and talking about it. They are not to be allowed to do anything but to remove the few Chinamen in fifteen minutes that they have accomplished in the past fifteen months.

We are not to be a "whooop" but a newspaper fight. They are not engaged in the moving business just at present. They prefer to migrate just as they are. They are not to be a "whooop" but a newspaper fight. They are not to be a "whooop" but a newspaper fight. They are not to be a "whooop" but a newspaper fight.

We are sick of this kind of work. We were to be a "whooop" but a newspaper fight. We are sick of this kind of work. We were to be a "whooop" but a newspaper fight. We are sick of this kind of work. We were to be a "whooop" but a newspaper fight.

He who is false to his movement for his own sake is not to be a "whooop" but a newspaper fight. He who is false to his movement for his own sake is not to be a "whooop" but a newspaper fight. He who is false to his movement for his own sake is not to be a "whooop" but a newspaper fight.

Hence it is, we say, that this last move again start the anti-coolie society, is nothing but a "whooop" but a newspaper fight. Hence it is, we say, that this last move again start the anti-coolie society, is nothing but a "whooop" but a newspaper fight.
